Table of contents

| | | |
|------------|---|-----------|
| 1 | Introduction | 16 |
| 2 | Applied Techniques and Procedures | 17 |
| 2.1 | Mineralogical Analyses..... | 17 |
| 2.1.1 | X-ray Diffraction..... | 17 |
| 2.1.2 | Mineral Liberation Analysis (MLA) | 17 |
| 2.2 | Chemical Analyses | 18 |
| 2.2.1 | Chemical Analysis by X-ray Fluorescence Spectroscopy | 18 |
| 2.2.2 | Loss on Ignition | 18 |
| 2.2.3 | Element analysis by ICP | 18 |
| 2.2.4 | Lithium, Rubidium Analysis by Na ₂ O ₂ Fusion | 18 |
| 2.3 | Particle Size Distribution..... | 18 |
| 2.4 | Mineral Processing..... | 18 |
| 2.4.1 | Comminution | 18 |
| 2.4.2 | Classification | 19 |
| 2.4.3 | Heavy Liquid Separation (HLS)..... | 19 |
| 2.4.4 | Wet High Gradient Magnetic Separation | 19 |
| 2.4.5 | Attrition Scrubbing | 20 |
| 2.4.6 | Flotation..... | 20 |
| 2.5 | Hydrometallurgical procedures | 22 |
| 2.5.1 | Calcining | 22 |
| 2.5.2 | Acid Baking | 22 |
| 2.5.3 | Leaching after acid baking | 22 |
| 2.5.4 | Neutralization | 22 |
| 2.5.5 | Ca precipitation..... | 22 |
| 2.5.6 | Ion exchange..... | 23 |

2.5.7 Lithium carbonate precipitation23

2.5.8 Bicarbonation.....24

3 Analyses and Test Results 25

3.1 Sample Characterization 25

3.2 Mineral Processing Tests 28

3.2.1 HLS28

 3.2.1.1 Preparation of samples.....28

 3.2.1.2 HLS Tests30

3.2.2 Overview Magnetic Separation and Flotation Test Work
.....33

3.2.3 Mineral Liberation Analysis35

3.2.4 Grinding and Desliming39

3.2.5 Magnetic Separation41

3.2.6 Flotation.....46

 3.2.6.1 Results of Mica Flotation.....49

 3.2.6.2 Results of Petalite Flotation.....51

 3.2.6.3 Chemical Analyses of Selected Concentrates56

 3.2.6.4 Processing Tests for By-Products Quartz and
Feldspar60

3.2.7 Production of Sample for Hydrometallurgical Test Work
.....65

3.3 Hydrometallurgical Testing 68

3.3.1 Feed material.....68

3.3.2 Calcining68

3.3.3 Acid Baking72

3.3.4 Neutralization74

3.3.5 Ca Precipitation.....75

3.3.6 Ion Exchange and Evaporation77

3.3.7 Precipitation of Lithium Carbonate78

3.3.8 Bicarbonation.....80

| | | |
|------------|--|------------|
| 4 | Conclusions and Recommendations | 84 |
| 4.1 | Physical Processing Test Work..... | 84 |
| 4.2 | Hydrometallurgical Testing | 89 |
| 5 | Appendix..... | 92 |
| 5.1 | Physical Processing Test Work..... | 92 |
| 5.2 | Hydrometallurgical Testing | 111 |
| 5.2.1 | Test work results..... | 111 |
| 5.2.2 | Test work parameters | 115 |
| 6 | Disclaimer | 119 |
